#### **About the Health Cluster Portugal**

The Health Cluster Portugal (HCP) is a private non-profit association, founded in 2008, that currently brings together over 170 members, including R&D institutions, universities, hospitals, organizations from civil society, and companies in the areas of pharmaceuticals, biotechnology, medical technologies and services. Together, we develop innovative projects in areas such as translational and clinical research, active and healthy ageing, health tourism, and eHealth, with the purpose of turning knowledge into new solutions that contribute to the improvement of human health and wellbeing. And also together, we work to make Portugal the right place to invest and build partnerships in Health. To learn more about HCP, our members, and the Portuguese Health sector, please visit: HCP's website ([www.healthportugal.com](http://www.healthportugal.com)); HCP Membership Directory ([www.healthportugal-directory.com](http://www.healthportugal-directory.com)); SciPort | Health in Portugal: Science and Technology Resources Database ([www.scienceportugal.com](http://www.scienceportugal.com)).

#### **About the Market of Open Innovation in Health**

Do you want to know what Portugal does best in Health R&D and Innovation? Are you searching for scientific, clinical, technological or business partners? Visit the "Market of Open Innovation in Health" and find new partners and business opportunities!

▫ Showcase "SciPort Live": Come to meet the offer of technologies, R&D projects and services of institutes, universities, hospitals, academic medical centres and CROs that are part of HCP and TRIS-HCP.

▫ Area "Meet the startups": Come to know the innovative technologies and products developed by startups / small enterprises that are members of HCP.

▫ Open Innovation Spot "How to collaborate with": Learn about the open innovation programmes of global companies that are members of HCP and find out more about the opportunities they represent to Academia, SMEs and startups.

▫ Area "ANI – EEN": Find your future partners by participating in the Portugal - Europe Healthcare Innovation matchmaking event.
